Forecast For Scotland
Issued by Met Office Aberdeen
at 0400 on Sunday 12 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Bright start. Rain and strengthening winds.

Today:
A mainly dry and bright start, but patchy rain soon pushing in from the south, becoming widespread in the afternoon. On the mild side with winds mostly light, but picking up in the south and west by dusk.

Tonight:
Becoming very windy with coastal gales, these becoming severe across the Western Isles and Northwest Highlands, extending into the Northern Isles overnight. Occasional rain or showers.

Monday:
Severe gale or storm force winds over the Northern Isles early in the day, otherwise bright with blustery showers, the showers mainly in the north and west.

Outlook for Tuesday to Thursday:
Heavy rain in the northwest on Tuesday, but drier spells in south and east. Mild and windy. Early rain across the south Wednesday, otherwise dry and bright. Patchy rain Thursday.
